He superintends all his operations in person, and guarantees that his work shall be as durable, as neat, and as cheap as any other establishment in the State. He is now constantly employed in manufacturing and applying his new patent scroll springs, without which no buggy can be complete. These springs prevent the usual unpleasant motion, and add but little to the cost of a buggy and is of incalculable benefit, as they completely prevent that strain upon the other springs which has given rise to so many breakings. All who want an easy riding buggy will give him a call.

Those cared by it are left as healthy as if they had never had the disease. Fever and Ague is not alone the consequence of the miasmatic poison. A great varity of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the mala-rious districts. If taken occasionally or daily while expessed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy affords.
